What will the Council Waste Team do for *your* business?

We know how hard it is to manage your waste cheaply. Landfill tax is going up and new legal standards for waste management are hitting profits. We understand these challenges and will help you do what you need to do for the best price possible.

Our dedicated recycling collection service will get you on track to meet all regulations and take care of your food and drink cans, plastics, paper, card, cardboard, food waste, glass and non-recyclable waste

Because we're local it means we can offer the cheapest and most responsive service. And because we're the Council it means we really care about this area and making sure that residents and businesses get the best standards of service.

Your business could make significant savings by recycling, thanks to our easy to use service

"The West Dunbartonshire Council Waste Team could not do any more for us - extremely reasonable on price and both the collection and office staff offer a friendly and professional service"

The Clipper, Dumbarton

Why use the Council Waste Team?

A responsive service that meets *your* needs, not the needs of others.

If you run a business which produces over 5kg of food waste per week, you must present it for a separate collection. To make your work place more sanitary and environmentally friendly we provide a full food waste collection service, collecting food waste on a weekly basis or more frequently if required.

we are full members of Zero Waste Scotland's Resource Sector Commitment

"We have been customers of West Dunbartonshire Council's Waste service for 20 years. The local and reliable staff continually provide us with a fast and efficient service as they always have"
The Abbotsford Hotel, Dumbarton

Signing up is easy...

If you are currently looking for a recycling and waste service, we can offer you the most competitive price and most responsive service available in the area.

If you are looking to switch recycling and waste service providers we can offer you a competitive quote and will beat your current price **GUARANTEED***

Our team of advisors will work with you to devise a payment plan that suits you, including paying the cost of your bin receptacles across easy to manage instalments.

We appreciate that not all businesses are the same so our customer services team will advise on exactly the bin and service best suited to you. Our range includes a wide choice of 240L, 360L, 660L and 1100L receptacles. If you require a larger container or skip this can also be sourced. We will provide you with exactly what you need, nothing less.

For more information, contact the team now and start improving your work place and environment for a healthier and cleaner West Dunbartonshire.

*proof of supplier quote will have to be supplied for us to provide a matching or cheaper price
