

## Clydebank Leisure Centre Access Guide

### Ground Floor

#### Parking

- The facility has its own car park with 110 spaces.

#### Car Park

- The car park surface is tarmac.
- Entrance to the general car park is via a controlled barrier with an electronic ticketing machine located at the barrier. To exit the car park the parking ticket must be stamped at reception and put into the machine at the exit barrier.
- There are 10 designated disabled parking bays within the car park. The bays are located at the side of the facility, approximately 30 meters from the main entrance doors to the facility. There is a convenient drop-off and pick-up point at the main entrance. There are no restriction barriers to access the disabled parking bays and the drop-off and pick-up point.

#### Outside Access

- The facility is not situated on a main road.
- There is level access to the facility.
- The main entrance/exit has an automatic revolving door with separate automatic door for disabled users (width of the door is 110cm).
- The riverside entrance/exit has an automatic revolving door with separate automatic door for disabled users (width of the door is 110cm).

#### Reception

- There are two entrance points to the building.
- Both entrance points have level access to the reception desk.
- The reception desk is situated 10 meters on the right from the main entrance/exit doors.
- The reception area is well lit and has an induction loop available for assisted hearing.
- The reception desk has two levels with the higher level being 112cm and the lower level being 76 cm in height.
- There is a turnstile entrance, situated to the left of the reception desk, providing access to swimming pool, two lifts and a staircase.

#### Inside Access

- There is level access to the wet site changing area and the swimming pool.
- To access the first floor there is a staircase and a lift in the reception area. There are two additional lifts and a staircase situated opposite the wet site changing area which provides the public access to first, second and third floors.
- All directional and door signage throughout the centre is also provided in Braille.
- The venue does not play background music.
