

Priority 1

Objective 2:

Increased employment and training opportunities

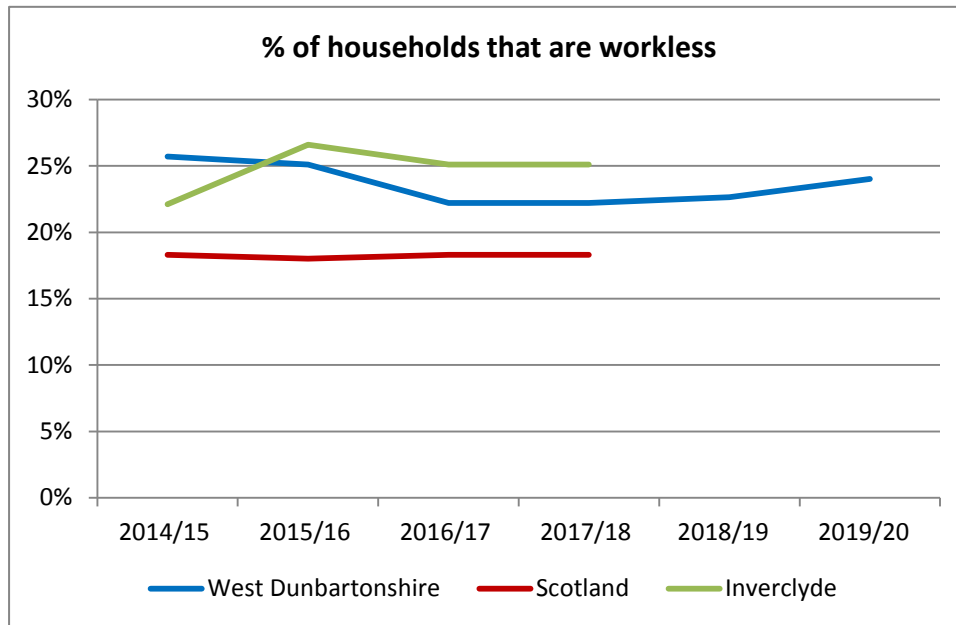

Indicator:

% of households that are workless

Target:

22%

What does the data say?

The latest data shows that performance in this areas has decreased by 1.36% since 2018/19 and is above the West Dunbartonshire target by 2.01% points.

Working 4U has developed the Employability pipeline to support people to move from unemployment to sustained employment. Progression towards employment will be supported through the provision of training and employability skills development and access to apprenticeships.
