

Green

Priority 2

Objective 1:

More affordable and suitable housing options

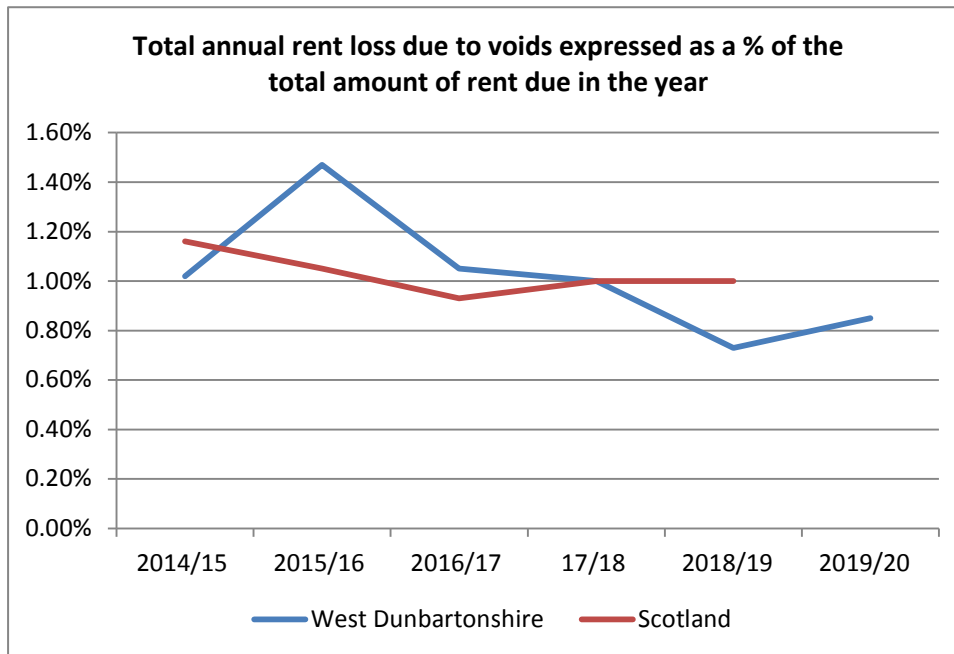

Indicator:

Total annual rent loss due to voids expressed as a % of the total amount of rent due in the year

Target:

0.88%

What does the data say?

Significant progress has been made towards reducing rent loss due to voids bringing it below the Scottish average. Performance has exceeded the target for West Dunbartonshire.

In 2019/20 rent loss due to voids increased at a rate of 0.12% points from the previous year reflecting the continued success in letting long-term void properties and reducing the average duration of each void instance
