What does the data say?

Performance is marginally below the target by 1.1% and is below the performance in the last year. Comparatively performance in 2018/19 was above that of both the Scottish average and our statistical neighbour of Inverclyde.

Data for this indicator is sourced from Keep Scotland Beautiful. Whilst the target was not met, we continue to score above the national average of 90.1%.

Work is ongoing to improve this performance.
