ANNUAL PROGRESS REPORT 2019/20

COMMUNITY PLANNING
WEST DUNBARTONSHIRE

Community Planning West Dunbartonshire (CPWD)

Community Planning is about how public bodies work with each other, and with local communities, to design and deliver better services that make a real difference to people's lives.

We strive to improve the lives of West Dunbartonshire residents by bringing together local public services with the communities they serve. We want to design and deliver services together, with a focus on specific local circumstances.

As a partnership we work together to improve local services and to ensure that they meet the needs of local communities, and individuals, especially those most in need.

Progress 2019/20

This Annual Report updates on the priorities and outcomes set by Community Planning West Dunbartonshire in the Local Outcome Improvement Plan (LOIP) 2017 - 2027.

The Annual Report, as required through the Community Empowerment Act, provides an overview to residents in the area of the progress made in improving key priority areas.

The LOIP set ambitions for delivery over 10 years, with supporting action plans in place for each of the five priority areas. Progress against actions is reported through the partnership. In addition to this, the annual performance report presents progress on the 18 national indicators which are consistent across all community planning partnerships.

Community Planning West Dunbartonshire is working with, and for, communities to improve outcomes.
