

Priority 1

Objective 2:

Increased employment and training opportunities

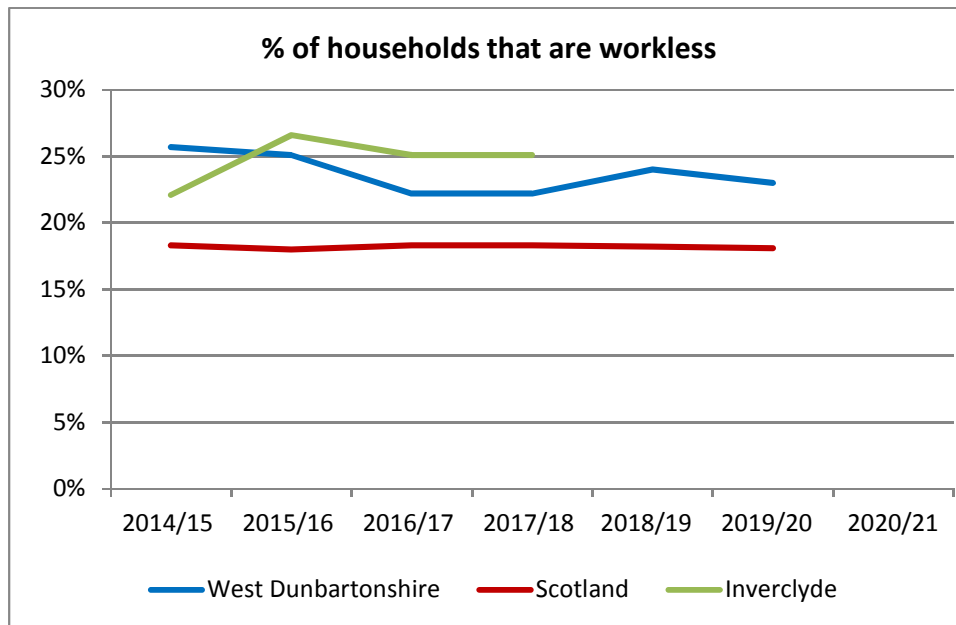

Indicator:

% of households that are workless

Target:

22%

What does the data say?

Target not met although showing a slight improvement in both the short and long term trend data. The latest data for 2020/21 is not yet available from NOMIS.

Working 4U has developed the Employability pipeline to support people to move from unemployment to sustained employment. Progression towards employment will be supported through the provision of training and employability skills development and access to apprenticeships.
