

Priority 2

Objective 3:

Improved wellbeing

Indicator:

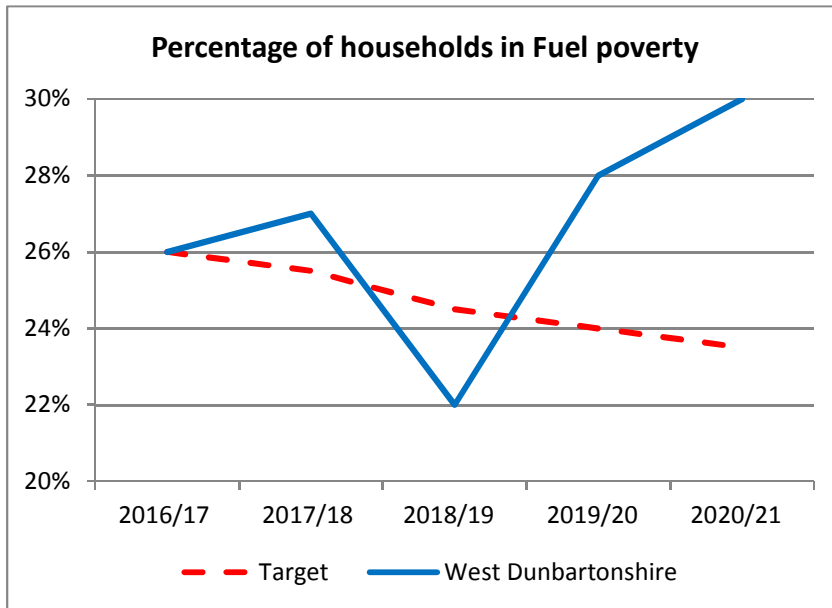

% of households in fuel poverty

Target:

23.5%

What does the data say?

Results for 2020/21 show performance has continued to a reduced with an increase in the percentage of houses in fuel poverty of 2% points and is tracking at a higher level than the target.

Data is gathered from the Scottish House condition survey and key findings indicate approximately 30% are in fuel poverty in West Dunbartonshire with 10% in extreme fuel poverty.

Working 4U and West Dunbartonshire Citizens Advice Bureau are working together, through the Information and Advice Partnership, to address fuel poverty across West Dunbartonshire. This includes support and advice to access appropriate tariffs and addressing and dealing with debt.
