

# Priority 5

Objective 3:

Sustainable and attractive local communities

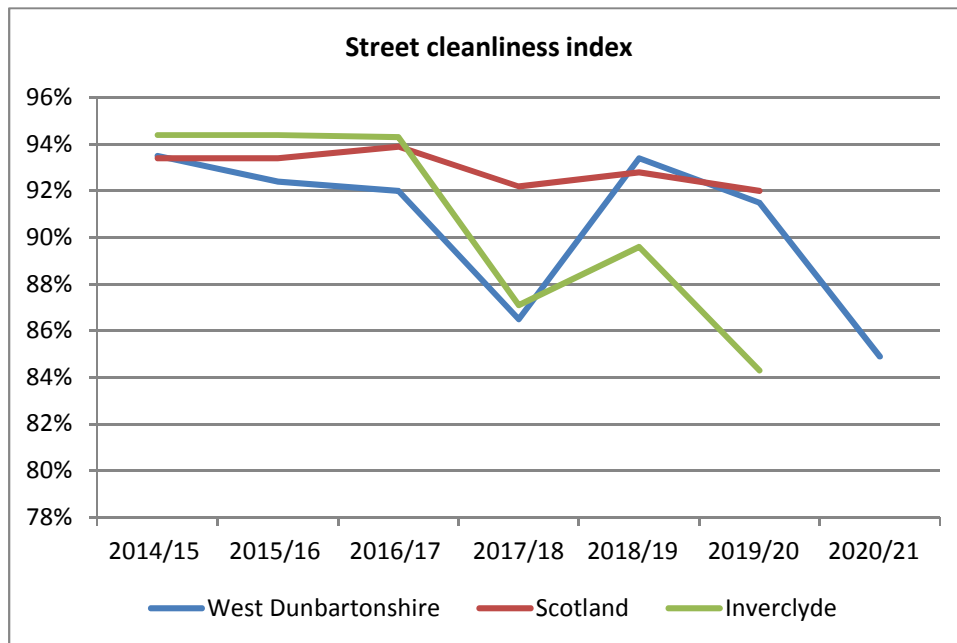

Indicator:

Street cleanliness index

Target:

92.8%

### What does the data say?

Performance in 1920/21 is below the target by 7.9% points and is below the performance in the last year.

Comparatively performance in 2019/20 was above that of both our statistical neighbour of Inverclyde but marginally below the Scottish average.

Data for this indicator is sourced from Keep Scotland Beautiful.

Work is ongoing to improve this performance.
