

# Priority 1

## Objective 2:

Increased employment and training opportunities

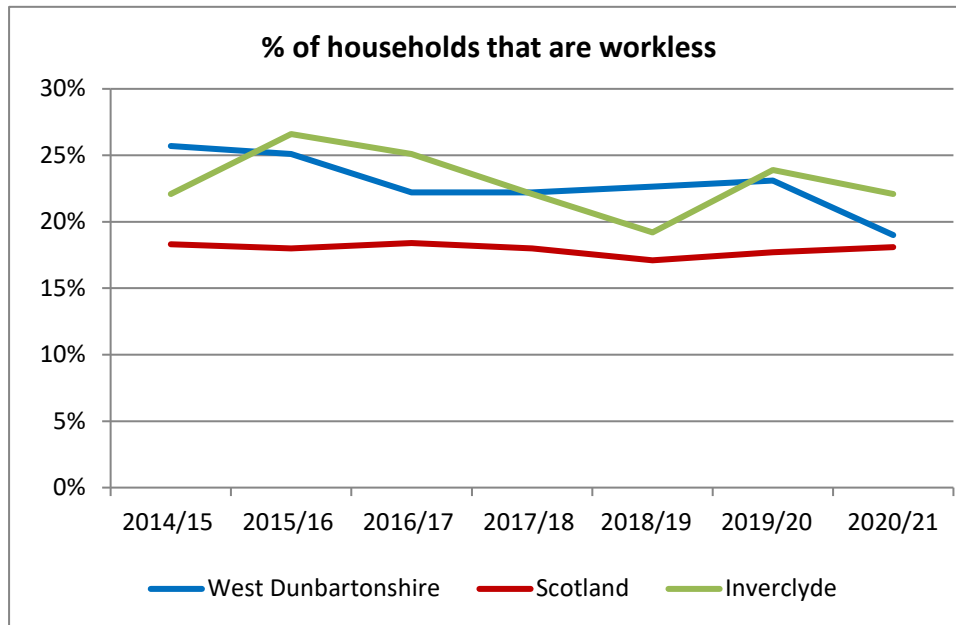

## Indicator:

% of households that are workless

## Target:

21.8%

### ***What does the data say?***

Results show that compared to the previous year there was a 4.1% improvement and the target has been met. The latest data for 2021/22 is not yet available from NOMIS.

Working 4U has developed the Employability pipeline to support people to move from unemployment to sustained employment. Progression towards employment will be supported through the provision of training and employability skills development and access to apprenticeships.
