

Priority 2

Objective 2:

Enhanced life chances

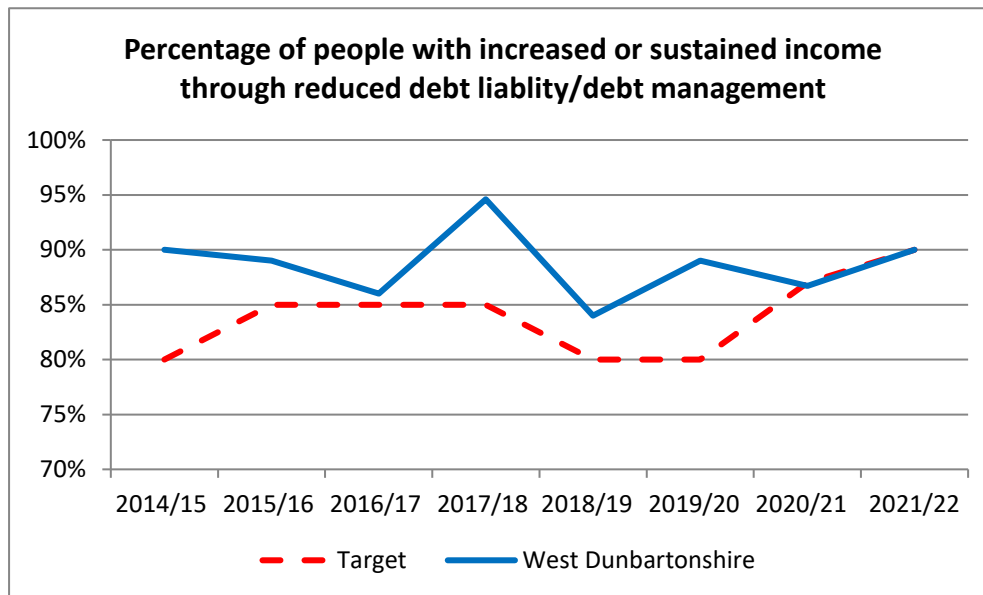

Indicator:

% of people with increased or sustained income through reduced debt liability/debt management

Target:

90%

What does the data say?

The result for 21/22 shows that there has been an improvement in performance of 3.3% and that the 90% target set was met.

Working4U work with local residents to support people to reduce debt liability/ debt management. Changes introduced by the Government during the Covid period put a moratorium on some debts which reduced the number of people accessing support for debt. As these changes begin to reverse and the cost of living increases kick in, we will expect to see an increase in the number of people presenting to the service in 2022/23 with debt issues.
